

CALL TO ACTION

September 8, 2020

To: ECMH Conference Attendees

Greetings Friends and Colleagues:

During these challenging times, children face the greatest risks but offer the greatest hope for our future. The most important thing we can do for everyone including parents, children, teachers, and caregivers right now is to help them feel safe. Lawmakers have great power to help us feel safe and to make sure that everyone is treated fairly. With this in mind, we ask you to take action and raise your voice by sending a letter to your California State Assembly Member. We have a letter all ready for you to sign if you wish:

Click on this link to find out who your California State Assembly Member is:

<http://findyourrep.legislature.ca.gov/>

Then click on this next link to send a letter to your Assembly Member:

<https://hipaa.jotform.com/202286541878060>

Thanks so much for making a difference today!

Josh Feder, MD
